# LEARNING ABOUT FORESTS

Certificate of Achievement

2022-2023

**Av mail büyükerman ilkokulu**

In recognition of the completion of the Learning about Forests Forest Cycle and successfully increasing the levels of environmental awareness of the participants, the school and the local community.

Fatma Köle  
LEAF National Operator  
Türkiye Çevre Eğitim Vakfı

Pramod Kumar Sharma  
Senior Director of Education

Learning about Forests (LEAF) encourages students to reconnect with their environment through the medium of trees, instilling in them a sense of ownership of their environment which will allow them to become advocates for the protection of their nature for the benefit of their own selves, their communities and the future generations.

The LEAF programme is implemented in 27 countries worldwide and involves over 10,000 schools and 600,000 students. Over half a million trees are planted through the programme during each academic year.

LEAF is an international programme of the Foundation for Environmental Education (FEE). To find out more about what we do please visit [www.leaf.global](http://www.leaf.global).
